- **October 4, 2023 Question:** Regarding market basket example 1 it's listed as a 2 x 7 LED sign but does not give any reference to the desired height of the monument. We have a few options that we use with our clients based off a 6ft desired height and a 12-foot desired height. I also had a question regarding the resolution of the screen is it supposed to be a 1.9MM gaping between the bulbs?
- **October 4, 2023 Mohave Answer:** You may provide the lowest priced options. We will be able to look at your pricing to determine what your lowest price option includes, as well as mounting heights.

There were no other answers provided to questions submitted past the IFB's published Deadline for Questions: (October 11, 2023 5 p.m.).
